努力は裏切らない

WHY JAPAN?

Japan lives in the future. Technology and management practices followed in Japan are the best in the World. With a rapidly falling population, Japan urgently requires trained, professional manpower.

THE PROGRAM

Enter into Japan for a 1 year program. Learn the Japanese Language, work part-time and get employed full time on completion of the program. The program costs 1/4th the price in UK/ US/ Canada or Australia.

OPPORTUNITIES

Engineers, Graduates and Diploma candidates are much sought after. Salaries are on par with the best in the world with an opportunity to earn part-time during study. There are 3 jobs for every eligible professional.

INCLUSIONS

The program cost includes tuition fees, Japanese Language N5, N4 & N3 training, accommodation & Insurance for a year, documentation charges for the immigration. Work Part-time for 28 hours per week.

Program commences from February 2026 for October 2026 intake
